DECEPTION PARK VIEW COMMUNITY ASSOCIATION

We have three ongoing big projects:

Adding water connections for all vacant lots – The Department of Health has approved us for a full build out and has recommended we add no more than five (5) water connections per year. So, you may see some construction going on in the neighborhood as vacant lot owners begin to build on their properties.

Community Park – The Association is currently creating a shared space for all residents to use. The land has been cleared and construction of the community park should begin soon. The park will include a pavilion, fire pit, basketball/tennis court, horseshoe pit, traditional wooden playset, natural play area and lots of grassy areas for kids to run, jump, and play. To save money, most of the work is being done by residents. If you would like to lend a hand, watch the website and Facebook for planned workdays. You can also contact Kathleen Johnson at 360-675-6252, the project coordinator.

Pursuing USDA Loan – We are pursuing a USDA loan to replace our water system infrastructure (pipes) as well as other upgrades and hope to begin this process by 2022. We have contracted with Davido Consulting Group to do our preliminary report.

Local Activities

We do have Restrictive Covenants and Bylaws that govern our Homeowners Association (HOA). You will find a copy of both under Covenants & Bylaws.

We host an annual meeting every June to discuss community business.
