PLAYGROUND LOT CLEARING/CLEAN-UP REPORT MARCH 2, 2019

Kathleen Johnson sent an email on Wednesday, February 27th, to all Playground Planning Team Members and all Board Members reminding them of the playground workday on Saturday, March 2nd, and changing the time from 8 am to 9 am.

Kathleen posted a Facebook event inviting all DPV residents to attend on Wednesday, February 27th.

The work began at 9 am on Saturday, March 2nd. The following residents were present: Greg Johnson, Anna Blee & kids, Mark Maris and Jason Newkirk & kids.

More tree underbrush was raked and added to the burn pile. Dirt stairs were created on the west side facing the Johnson's residence.

We made a significant dent in burning the debris pile (thank you Jason for staying later than noon plus coming back on Sunday, Monday, and Tuesday and possibly beyond).

Greg, Mark and Jason made a plan for the April workday. Jason will acquire an excavator from his source, approximately \$600 plus delivery/taxes for the entire weekend. They will use the excavator to help finish burning the debris pile and to move rocks. Greg will purchase supplies to create culverts to include gravel.
